

SINISTER

PROPHECIES DENIED

Sinister displays some of the best technical death metal in the world on this their first live DVD entitled "Prophecies Denied". The concert - **recorded at Stodola club in Warsaw** - clearly shows that despite many line-up changes the band is still in great shape and deserves its place among such death metal stars as Suffocation, Cannibal Corpse, or Obituary - bands with which Sinister has shared the stage. The DVD features both new and old Sinister songs, all played with just as much charisma as deliberation. It **also includes an interview with the band's frontman Aad Kloosterwaard and the guitarist Alex Paul a documentary "Angels of the Apocalypse" and rare footage.**
