This 85 minute documentary contains rare, live footage from a performance in the Catskills, New York 1979.

Witness Andy in all of his classic bits including Elvis, the Foreign Man, Mighty Mouse, wrestling women, "My Way," "Oklahoma," and bongos, bongos, bongos!

Also included are song performances never before seen and an appearance of Andy's loving family on stage. See the real Andy Kaufman caught offguard, speaking candidly, in a rare out-of-character interview.

This is pure Andy!
