FRANKENSTEIN'S DAUGHTER

Dr. Oliver Frank's ambition is to continue the experiments of his late grandfather, the wicked Dr. Frankenstein. Since he has better luck in the lab than in the backseat of his car, Dr. Frank usually turns the women who reject him into fodder for his experiments. He has special plans for his boss's young niece, Trudy (Sandra Knight). Soon, a strange, female creature is running amok in modern Los Angeles. No one is safe in *Frankenstein's Daughter* (1958), not even the cool kids rockin' at poolside!
