

# Charley Pride Choices

**New Studio  
Album!**

*Thirteen (13) new studio recordings by the Country Music legend!*

Charley Pride possesses one of the quintessential Country Music voices and remains loved and respected around the world as Country Music's first African-American superstar. A true living legend, he has sold tens of millions of records worldwide with his amazing repertoire of #1 hits.

**Choices** is Charley's first new studio album since 2006's **Pride & Joy: A Gospel Music Collection**. It features a diverse mix of 13 new recordings, many of which were written by tunesmiths that will be familiar to Charley's fan base, such as the late Ben Peters (the writer of "Kiss An Angel Good Mornin'" and "Burgers & Fries") and Ted Harris (the writer of "Crystal Chandeliers" and "The Happiness of Having You"). The album also includes tracks penned by fellow Country music stars Eddy Raven and Richie McDonald (Lonestar).
