

ARTROSIS

FETISH

One of the best albums recorded by Polish band Artrosis. On “Fetish” band decided to refresh their musical style, going away from typical metal gothic mainstream and try to experiment a little bit with different sounds. Artrosis wasn’t afraid of using loops, and paid bigger attention to keyboards, what made their music more exciting. The whole album turned out an unforgettable trip to more electro, even industrial regions. One of the most interesting songs is “Samael” with strange, but beautiful oriental motives. Such songs like “The Second Face”, “Black Truth” or “Under Constraint” discover a new musical face of Artrosis.
