

DESDEMONA

VERSION 3.0

With this new album, Desdemona has undoubtedly reached the top of Polish gothic scene! The third album is more industrial-oriented. They've made quite a lot of musical discoveries since their last record, they also supported **Type O Negative** gig in Warsaw, in July 2003. Their newest offering enslaves the listener with its power and uniqueness. The beautiful and charismatic Agata on vocals can easily turn from a sweet girl to a dangerous vamp, and her thrilling, sensual voice will guide you on a dark journey through your soul…
