THE WARD

Part Of Humanity

"Part Of Humanity" - second full-length album by Moldovian Atmospheric Death Metal band THE WARD.

The second full-length album by Moldovian Atmospheric Death Metal band.

Aggression, heaviness and melody of MDM combined with dark and gloomy atmosphere of Doom Metal.

The lyrics are about feelings of people, who live in modern world, where thrives distortion of values and worsening conditions for a psychological state of humanity. This album is devoted to thoughts and feelings of people of various "stratums of society", who are poisoned with modern world's influence, the reasons for its occurrence and the values accumulated by generations, and lost by us.

The theme and atmosphere of the album emphasized by hard guitar riffs, a massive basis of the rhythm section, atmospheric and symphonic keyboards melodies, expressive and emotional growl.
