"... It's a calm Spring night. I call my beloved grandma to wish her good sleep. I dial her number and what do I hear? Yes, you're right, instead of her answering I hear infernal crackle of magnificent guitar riffs, horrible buzz of straightforward bass, machinegun-like teethgrinding drums, disgusting noise under cerebral cortex caused by philosophic keyboards, harrowing howling of "crafted" legendary harsh vocals! And only crispy and uncompromised lead-guitars put me back into the Spring environment. And, through all this chaos in the telephone I hear the hysterical yelling of my grandma: "What's up, grandson? Did you eat your pasta?"
