...AND OTHER DELIGHTS

A SPOKEN WORD &  
MUSICAL RECORDING BY  
**BLAG DAHLIA**

'NINA...and other delights' is one of the most audacious spoken word CD's you will ever hear.

Culled from the new novel *NINA* (scapegoatpublishing.com) by **Blag Dahlia**, warped mastermind behind the notorious **Dwarves**, this disc also contains selections from Blag's column 'How To Write Good' and improvisations that call to mind a more demented Joe Frank on LSD. A background of lush turntable lounge music serves as the spoon full of sugar to help this vile elixir go down. For everyone who loves words and hates everything else.
