THE LATEST FROM ATLANTA'S NASHVILLE PUSSY!

Coming hot off of their critically acclaimed 7th studio album, "Pleased To Eat You," Nashville Pussy returns with "Eaten Alive," a ferocious hellride of a live album that is proof positive that the band is one of the best live acts ever. Recorded in the UK, this is Nashville Pussy's "Live at Leeds" and one of most unrelenting concert albums since Motorhead's "No Sleep Til Hammersmith."

Slated for released to coincide with their October/November tour with **The Toadies** and **Reverend Horton Heat**, "Eaten Alive" will be unleashed to the world on Slinging Pig Records, the band's very own record label. "This is the album that our fans have drunkenly demanded for years", says singer Blaine Cartwright. "Make an album that sounds like you guys do live!, I've heard that phrase slurred in my face in accents from all over the world" jokes Blaine. "So here it is you drunken bastards!"

THE BAND IS UNSTOPPABLE. THIS ALBUM IS PROOF.
