**TODD RUNDGREN**

**T**ODD'S LATEST MUSICAL VISION is a contemporary fusion of rock, soul and electronica that is at once danceable, groundbreaking, spiritual, challenging and infectious. **STATE** continues the tradition of boundary-breaking works from this visionary genius, and its finely crafted songs once again push the creative envelope.

As a songwriter, video pioneer, producer, recording artist, computer software developer, conceptualist, and interactive artist, Todd Rundgren has made a lasting impact on both the form and content of popular music.

Todd will **tour in support of the release** beginning in April in the USA and then continuing in Scandinavia, Benelux and the UK in May / June and throughout the remainder of 2013
