## PRESS

"Solid acting, a great handling of tension and suspense, and a few gruesome scenes of an age-old brain surgery technique makes MALIGNANT a tension-filled thriller worth checking out. Brian Avenet-Bradley has constructed a solid thriller here with a strong mystery, characters you can't help but feel for, and a diabolical and bent villain in Dourif. MALIGNANT ...really does possess a lot of scenes that are going to get under your skin and burrow into your brain."

—Mark L. Miller, *AIN'T IT COOL NEWS*

"A twisted and unsettling story of the dark side of science...Amidst the recent revival of all things undead, it's nice to see mad science also gets its updated updated due- especially when the story is grounded in a pertinent social issue, as in Brian Avenet-Bradley's Malignant."

—Michael Gingold, *FANGORIA*

"A great film that fans of the horror genre and fans of the thriller genre will both enjoy, as it's full of a lot of twists and turns that keep you on the edge of your seat waiting for more."

—Fred Thiel, *BLOG AND GUTS*

"Brad Dourif steals the show in this one. He uses his voice, facial expressions, everything to execute a monstrous and slithery villain. Truly, he is of the Karloff/Lugosi/Carradine caliber--an old school ghoul of the highest degree."

—Ross Peterson, *Horrornews.net*

"The film features legendary actor Brad Dourif and uses him very well"

—Scott Hallan, *Dread Central*

"Why a must-see summer watch? This movie is running on the Top 15 iTunes Horror Genre list right next to The Shining for number of downloads. Not to mention, Academy Award-nominated Brad Dourif stars as the terrifying, turned mad and bad scientist."

—Leisa Green, *IndieItPress*

"It's one of these films that don't come around too often, story-line wise. It's well-shot, well-acted. And wait 'til the very

end; there's a nice little twist. Great performances by everyone. A brilliant performance by Brad Dourif as the man. Definitely c”

—Scott Geiter, *Gruesome Hertzogg*

“Malignant is the partly quiet portrait of one man’s battle against grief through a realized nightmare scenario... admirable for injecting intelligent depth inside its plotline”

—Ian Sedensky, *Culture Crypt*

“Definitely a unique piece of cinema... There’s some good makeup effects to be shown, especially towards the end. ”

—Drew Grimm van Ess, *Grimm Reviewz*

“A good movie to watch if you are in the mood for something different...”
