FORGET EVERYTHING YOU HAVE EVER SEEN...

# APRIL 2021

“★★★★★

This is a movie like none I have seen before,  
a wild kaleidoscope of images and outrages,  
a collision between Freud and Fellini.”

Roger Ebert, *Chicago Sun-Times*

**4-DISC LIMITED EDITION WITH UHD + BLU-RAY,  
OVER 8 HOURS OF BONUS FEATURES  
& EXCLUSIVE SOUNDTRACK CD**

It has been hailed as “extraordinary” (*The Guardian*), “visionary and haunting” (*Rolling Stone*) and “a grand work of art, full of symbols and imagery that reach beyond language to something primal and original” (*AV Club*). Now forget everything you have ever seen as the modern masterpiece from director Alejandro Jodorowsky returns like never before, as a 4K 4-Disc UHD Deluxe Special Edition, a 2-Disc Blu-Ray or single DVD. Severin Films is proud to present Jodorowsky's epic odyssey through ecstasy and anguish, belief and blasphemy, beauty and madness – and the surreal genius behind it all — now scanned from the original negative and supervised by the director himself.
