Mott The Hoople Under Review

Mott The Hoople - Under Review is a **90-minute documentary film charting the career and music of one of Rock music's most influential yet all too often neglected bands.** Despite being championed by many of modern culture's coolest names - from **David Bowie** and **Morrissey** to **the Clash** and **the Sex Pistols** (not forgetting **Barry Manilow** covering an Ian Hunter tune!) - until now, this extraordinary group has rarely had the recognition it deserves. **Features review, commentary, critique and insight from: Morgan Fisher** - the man behind the unique keyboard sound that the band achieved; **Mick Jones** - Clash guitarist/co-songwriter; and many more.
