

DIVINE WEEP - Tears Of The Ages

"Tears Of The Ages" - the second full-length album by the Polish Heavy/Power Metal band DIVINE WEEP.

The second full-length album by the Polish Heavy/Power Metal band.

"Tears Of The Ages" is the title of the album which is the successor of 2013's "Age Of The Immortal". It consists of 10 compositions, including two bonus tracks in classic Heavy/Power Metal style.

Studio work lasted from March until September of the year 2015. Drum tracks were recorded in the renowned Hertz Studio, which works with world's leading metal bands (Vader, Behemoth, Decapitated), while guitars, bass and vocal tracks were recorded in Dobra 12 Studio, supervised by Piotr Polak. The album was mixed and mastered in Hertz Studio as well.

An interesting bit is definitely the guest appearance of Wojciech Hoffmann from the band Turbo on the title track. The musician, an icon of Polish rock and metal, played an exceptional solo, which certainly gives the song an additional bite.
