## WITNESS HORROR FILM HISTORY; THE CREATION OF A NEW GENRE OF FILM: VOMIT GORE.

Teenage runaway Angela Aberdeen (Ameara LaVey) has made a pact with Satan in a desperate attempt to escape the trauma and abuse suffered throughout her short life -- The Vomit Gore Trilogy is a mind-altering, demonic triptych of events depicting Angela's gruesome and Hellish journey through life and death. In stark and consummate detail, the trilogy represents the travails of the sexually abused, bulimic teenager as she turns to stripping, prostitution and the porn industry for her survival, and is finally consumed by a dark, Satanic, multidimensional underworld of drugs, cruelty, madness, vomit and destruction.
