

Wisdom In Chains

Die For Us Live

Pennsylvania hardcore super group, featuring ex-members of 25 Ta Life, Out To Win, and Mushmouth bring it to the stage in this live and ravenous sold out home town performance. After their sophomore effort on Spook City Records (Philadelphia), numerous labels wasted no time in scrambling to secure the band's future releases. Their extreme live intensity and crossgenre punk appeal propelled them to the forefront of the hard core circuit. Currently, they have a European tour scheduled w/ legendary Sick Of It AII, and just inked a deal w/ Eulogy Recordings for their third record. This DVD displays the blue collar, hard work ethics that have made hardcore a staple genre of modern music.
