Jazz June The Scars To Prove It

The Jazz June recently reunited for a slew of benefit shows to help generate money for their long time friend and dedicated roadie who has developed a severe form of brain cancer.

This release contains 17 live, rare and unreleased tracks from the Jazz June's career, including the first new material released since 2003.

Accompanying the CD is an eleven-track bonus DVD featuring a four-camera shoot of the Jazz June's January 13th 2007 benefit show at the North Star in Philadelphia. Proceeds from the sales of this CD / DVD combo will go to the Adam Gerherdt fund. Any and all support is appreciated.
