

WATCHING THE MOON

PERCEPTION IS BENT

Watching the Moon

Perception Is Bent

Featuring ex-members of the Gorilla Biscuits. For fans of Unwound, Sonic Youth and Nirvana.

Remember what the early to mid 90's North West underground was doing? Unpredictable sound, with simple yet complex song structure, shards of bloody vocals at times, yet all tied together with haunting melodies, that fall somewhere between psychedelic and punk rock.. Watching the Moon developed over the course of the past 3 years in the Austin, TX hot bed of independent music. Featuring ex members of the Gorilla Biscuits, instead of "trying" to play the part like so many bands out there, Watching The Moon is just that. Watching The Moon. For Fans of early works of Modest Mouse, Nirvana, Sonic Youth and Unwound.
